CHINESE COLONY IN OBION CO., TENN.

It is Said Asiatics Will Carry on Extensive Trucking.

The following dispatch from Union City was in the Memphis Commercial Appeal of Monday:

A deed was registered yesterday in the register's office of Obion County from Mrs. Ella Morris of Obion to a Chinese gardening colony, conveying 1,000 acres of land in Obion County, one miles west of Trumble, and known as Poplar Ridge, for a consideration of \$100,000. This tract of land has long been known as one of the richest farms in Tennessee and took its name 50 years ago from the immense poplar trees that grew on it.

Fifty Chinese families from Colorado, all skilled gardeners and truck growers, will take possession Jan. 1, 1923, and a village, known as Canton, will be established. The land will be cultivated in tomatoes, beans, lettuce, peas, asparagus, cabbage, onions and many other vegetables, and a good part will be put in strawberries, blackberries, and grapes and other small fruits.

Strawberries in this immediate section ship better than other berry grown in the United States, and this fact is generally known in the large cities where local products are shipped.

The land is on a fine road one mile from Trumble, and the Illinois Central railroad, which offers every facility for shipping these products by freight or express. The company will establish on the land or at Trumble a large canning factory and pickling, preserving and icing plant to take care of the vegetables and fruits that are not shipped to northern and eastern markets. These gardens will be visited by people from this entire section, who are very much interested in the development of the county as a truck growing section, along with other lines of diversification, and who will welcome as a great benefit to the country the establishing of this enterprise.

Mrs. Elmer Tibbs and little daughter of Akron, Ohio, were the guests of her sister, Mrs. Vernon Jones, last week.

Miss Osie Moffitt, of Hickory, is visiting Mr. and Mrs. Vernon Jones.

Miss Mavis Williams, of Cuba, Ky., is visiting Mr. and Mrs. Willie Crittenton.

WINGO WOMAN ALLEGING ASSAULT, ASKS \$5,000.00

Mrs. Treva Davis, wife of Tommie Davis, of Wingo, has filed a suit in the Graves circuit court against J. W. Thornborough, asking for damages in the sum of \$5,000, for an alleged attempted assault upon her says the Mayfield Messenger.

In her petition, Mrs. Davis declares that she and her husband and his mother have rooms at the Thornborough home and that on July 14th, in the absence of her husband and other members of the family, the defendant did lay hands upon her and make an attempt to asault her.

A warrant was issued for the defendant soon after the alleged incident and he came to Mayfield Friday with Constable Jess Shelton of Wingo, and gave bond for his examining trial, which takes place at an early date.

Rodgers Bros., levee contractors, who have for considerable time been working in the vicinity of Mile Seven, below Hickman, have finished their job there and are leaving. The foreman tells us they have no immediate contracts on hand, but it is his opinion their next contract will be at Old Town, where the levee broke with such disastrous results during the high water.

Otis Howard of Cleveland, Ohio, and Miss Martha Clarice Bellieu, of Fulton, were married in Fulton Monday morning, by the Rev. Young, pastor of the First Christian Church. Both bride and groom are recent graduates of Kentucky University. They will reside in Cleveland, where Mr. Howard is connected with the Bailey Meter Co.

Mrs. Arthur Hale was operated on Saturday morning at the Lucy Brinkley Hospital in Memphis for goiter. The operation was performed by Dr. Christian, and the patient is improving rapidly.

Mrs. William S. Vernon, Mrs. O. T. Wollaston, Miss Catherine Wollaston and Miss Edna Mae Kellar are spending the summer at Reelfoot Lake, Tenn.—Louisville Courier Journal.

Mrs. Ruby Crittenton has returned home after a week's visit with her sister, Mrs. Wade Williams, at Cuba, Ky.

Give Helm & Son your expirations and they will see that you're insured and kept renewed.

Miss Mavis Williams, of Cuba, Ky., is visiting Mr. and Mrs. Willie Crittenton.

BOY IS VICTIM OF MISSISSIPPI

Herman Cleaves Drowned Friday. Body Recovered Sunday.

Herman, the ten-year-old son of Jess Cleaves, who lives near town on the Dyersburg road, is the last victim to be added to the toll of the treacherous waters of the Mississippi.

He was drowned Friday. He was swimming in the river just below the Mengel Company's lower mill showing his older brother how he could swim, when a strong eddy caught him and pulled him under. The place where he went under was dragged thoroughly and dynamited, but without success.

Sunday the body was recovered by Will Coffey and Luther Turnburt, who were watching for it on the bank about six miles below town.

Funeral services were conducted Monday with the burial occurring at Brownsville.

FOOD SALE.

The ladies of the Christian Church will have a "Food Sale" at the home of Mrs. Clarence Henry, at 10 a. m. Saturday, July 22. Cakes, pies, home-baked bread and dressed frying size chickens. Lots of good things for your Sunday dinner.

Mrs. R. H. Pigue, who suffered a second stroke of paralysis Friday night at her home on Oak street, remains unchanged. Four of her children are here at her bedside and the other two are expected in some time today.—Fulton Leader.

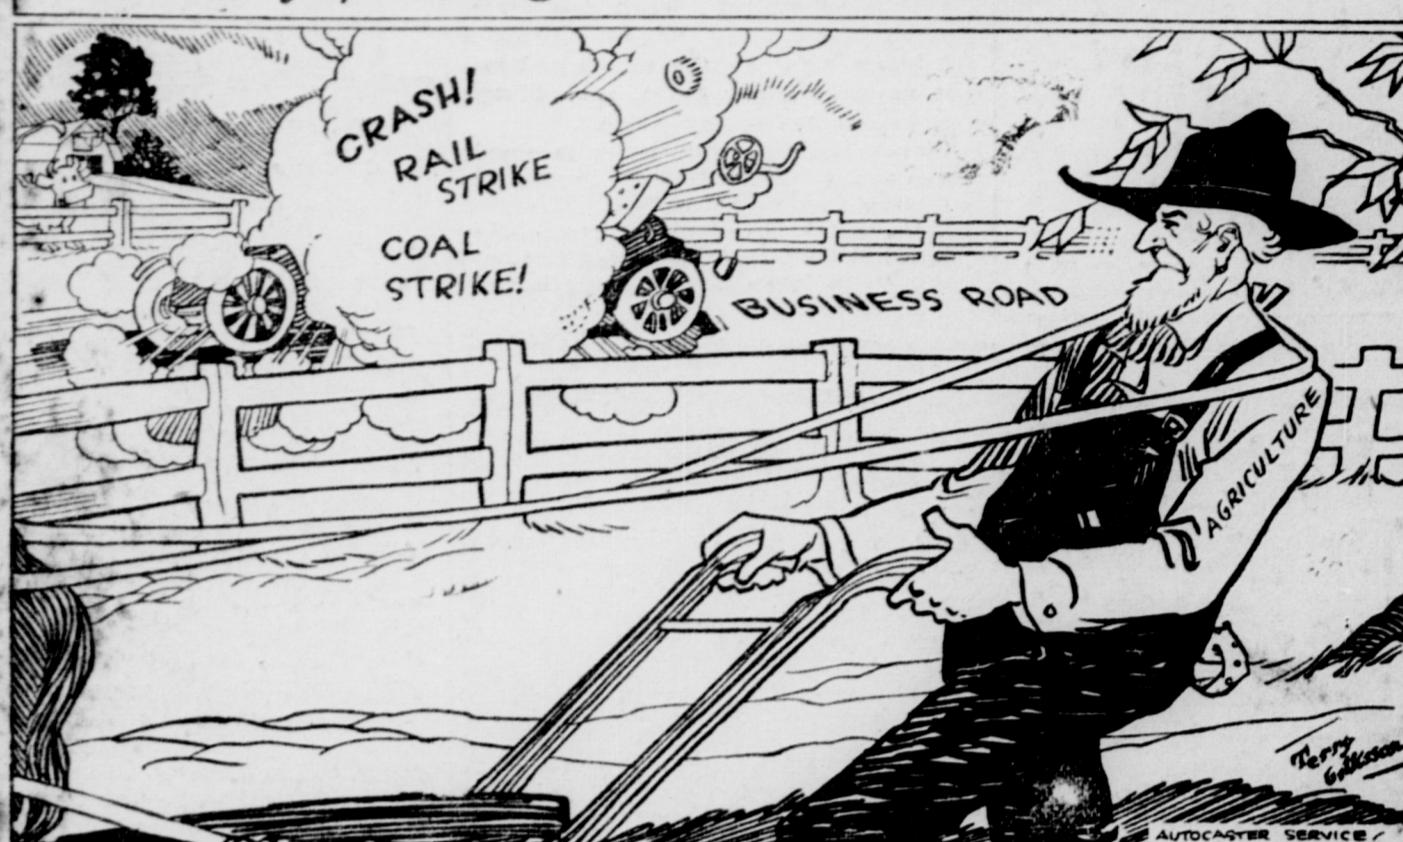

Mrs. W. J. Harper, Mrs. Laura Burnett, Mrs. J. R. Brown and C. L. Rose have as their guests their nephew, T. D. Barnes, his wife and family, who motored through from their home at Bald Knob, Ark., arriving Saturday afternoon.

Syd Dodds, formerly of Hickman, but now of Clarksdale, Miss., was one of the leaders in the big gun club shoot held at Birmingham, Ala., the first of the week.

There will be another ice cream supper and bran dance at Graves school house tomorrow night. The one last week was well attended.

Lawrence Allen, of Canton, Ohio, is visiting his mother, Mrs. Mattie Johnson.

BROWDER-CREASON

The ceremony uniting in marriage Miss Helen Browder of Fulton, and William H. Creason of this city was spoken last evening at 6:15 o'clock at the home of the groom's parents, Mr. and Mrs. R. H. Creason.

The bride is the charming daughter of Mr. and Mrs. Joe Browder of Fulton, and has been a guest of Miss Dorothy Greene here for the past several days.

The wedding was informal, and the attendants were Guy Freeman of Fulton, and Miss Dorothy Greene.

The popular young couple will reside for the present at the Creason home.—Fulton Messenger.

NEW TEACHER APPOINTED.

Miss Agnes Scott, of Nashville, has just been appointed a teacher in the Hickman school. Miss Scott is a teacher of domestic science, and has several years' experience as instructor in this branch. She is a graduate of Peabody College and comes highly recommended.

Mesdames J. O. Stubbs and B. Parham are chaperoning a bunch of young folks at Hamby Pond this week. The campers are Misses Lillian Stubbs, Bernice Parham, Louise McMullin, Mary B. Parham, Violet Naylor and Messrs. Luby Roper, Odell Moore, Harry Isbell, and Chris Skelton and Irvin Greenbaum of Cairo.

Mrs. R. C. Campbell attended the funeral of her nephew, Arthur Bailey, at Murray Saturday. Her niece, Lotte B., accompanied her.

Misses Mary V. Cullin, Dorothy Nayor, Ruth Ligon, Mabel Choate, Florence Moore and Harold Choate, Booster BonDurant, Don Henry, Henry Roney, Robert Choate, Charles Travis and Mr. and Mrs. Bolin Roney are enjoying an outing at Hamby Pond this week.

Morris Ellison has been sick for the past few days.

Mr. and Mrs. J. C. Grant and daughter, Miss Mary Elizabeth, and son, Joseph, of Mayfield, are the guests of Mrs. Grant's parents, the Rev. and Mrs. A. S. Pettie.

A. C. Bacon, who has been in Hot Springs for the past month with his wife, is here for a week, when he will return. Mrs. Bacon, who has been suffering for some time with rheumatism, is improving.

Mrs. R. C. Campbell attended the funeral of her nephew, Arthur Bailey, at Murray Saturday. Her niece, Lotte B., accompanied her.

Great Desire for Understanding. I believe that the greatest desire of every human heart in the world is just this: The desire to understand its own experience. That is a hunger that is at the root of all the great religions in the world—or all great emotional activity whatever—the continual hunger of the human heart to get even with its own experience, to put it straight and ordered, so that it can understand instead of being bewildered.—John Drinkwater.

V. READING DIAGRAMS

Most people who have not made a study of radio telephony or other branches of electricity are puzzled when they look at the diagrams for wiring that are supplied in many books, magazines or catalogues. These seldom have

the various appliances or accessories marked by name or letter, and, to the uninitiated, they are practically meaningless. It is very easy to understand these, however, once you have learned what the various symbols mean, and everyone interested in radio telephony should learn them. In the accompanying cut, Fig. 8, the common symbols used in diagrams of wireless apparatus are shown and anyone can learn and memorize these in a short time.

In nearly all diagrams of wiring and setting up radio telephone instruments, the wires are drawn parallel with one another and with turns at right angles. This adds greatly to the appearance of the diagrams, but in actual practice it is a great advantage to run the wires parallel or with turns at right angles. For this reason, in the majority of the figures I have given, the wires are shown at angles.

Members of the Business Men's League and their guests enjoyed a big barbecue dinner as a feature of the regular monthly meeting of the organization which was held Tuesday night at the Stricker garage, attended by about 100 members of the organization. The menu of the dinner, which was prepared by Wash Golightly, whose reputation as a barbecue chef is county wide, was furnished entirely by members of the organization.

Although the regular term of Circuit Court convened Monday, few cases have been disposed of thus far. One case of interest which has been tried is that of George W. Langsdale of Fuge, who was fined \$50 for allowing stock to run on the levee during the high water. The act was not a deliberate one on Judge Langsdale's part, it appearing that he was at fault chiefly because he did not have a sufficient number of men in charge of a large drove of hogs, and that as a result his hogs ran on the levee, which was then being patrolled, causing charges to be filed for allowing stock to run at large, instead of one on the more serious federal charge.

Mrs. T. J. Clack of Charleston was honored for her services during the war by the presentation of a medal by Adj. Gen. Raupp and an expression of appreciation from the state.

FEEDERS AVOID HEAVY LOSS

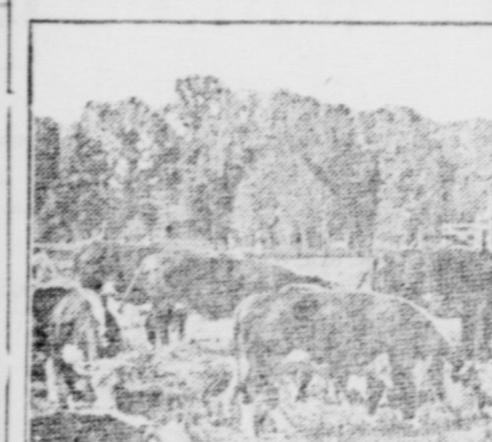

Cattle Cost Studies in Corn Belt Show Losses Are Small When Roughages Are Used.

(Prepared by the United States Department of Agriculture.)

Cost figures on 20,217 head of beef cattle fed in five corn belt states, summarized in a statement issued by the United States Department of Agriculture, show that scattering droves made good profits last season, in spite of the fact that there was an average loss of \$20.87 per steer. Department investigators cite the fact that some of these droves made profits under the most adverse conditions, as emphasizing the extreme importance of watching the details of feeding and management in slump periods in the cattle business.

The feeders in the areas studied who made the most economic gains, in general, used standard rations. In Illinois and Indiana this ration consisted of corn, protein meal, mixed clover and timothy hay, and silage, with some stover and fodder. In Nebraska and Iowa the standard rations consisted of corn and alfalfa hay, while in Missouri it consisted of corn, protein meal, hay and fodder. In the latter state some of the cattle covered in the study were finished on grass.

"The average loss of \$20.87 per head," one of the department investigators explains, "should be looked at in the light of the fact that all feeds were charged to the cattle at farm prices for all home grown feeds, and store prices for feeds bought." Thus the effect of the loss in question on the farm business as a whole was in some measure offset by the return from 1,000 to 2,000 pounds of unmarketable roughage fed to the average steer in the different localities. J. E. MELTON, Master Commissioner, Fulton Co., Ky.

Miss Josephine Hamblott left this morning for Water Valley, where she will visit friends and relatives for two weeks. From there she will go to Decatur, Tex., where she will spend the winter.

The Men's Bible Class of the First Baptist Church of Fulton had a fish fry at Hamby Pond Tuesday. During the afternoon a game of baseball was enjoyed. About 75 were present.

Mrs. B. A. Washburn and daughter, Miss Willdell, and B. A. Washburn, Jr., have returned to their home in Paducah after a few days' stay with S. D. Stembidge and wife.

The Kitti League has now gotten well under way on the second half of the season and Fulton has resumed its old position in the subway.

Mr. and Mrs. Ellis Dobson are leaving Sunday for Dawson Springs for a few days' vacation.

Mrs. Ben S. Adams, of Bardwell, is visiting Mr. and Mrs. S. D. Stembidge.

MONSTER APPLES.

Mrs. Tom Dillon sent The Courier office a sample of what Fulton County fruit trees can do when they want to. This exhibit consists of two whopping big apples, one of which weighs a pound and a quarter and the other slightly over a pound. The variety is somewhat obscure and doubtful, but there is no question about their being monsters of their species.

FINE COTTON.

C. T. Bondurant brought up from his farm the past week a stalk of pure Arkansas Express cotton, which was raised by W. A. Jackson and planted the last of April. There are 11 bolls and 77 squares on the stalk, which is far above the average, and the bolls will open in about twenty days.

Sought the Plum Office.

Dale Stansbury, a deputy attorney general, was treading the solemn corridors of the statehouse the other day when he was approached by a man, evidently a foreigner, but whose broken tongue was no indication of his inside knowledge. He said:

"Where is de plum office?" "The what?" asked Mr. Stansbury. "De plum office, de plum office, you know where ya git de jobs."

Stansbury sent the inquirer to the custodian's office. He also knew a thing or two about jobs.—Indianapolis News.

Mrs. S. D. Stembidge delightfully entertained a number of friends last Friday afternoon from 4 to 5 with a linen shower in honor of Mrs. Cowgill Helm, a recent bride. The house was decorated throughout, carrying out a color scheme of pink and white. Little Miss Kathryn Ruth Johnson was dressed as a bride and delivered the presents to Mrs. Helm from the heart of a big rose. Several games and contests were enjoyed and at the close brick cream and angel food cake were served. Mrs. S. D. Stembidge and Mrs. Ben S. Adams, of Bardwell, leave Sunday in Mrs. Stembidge's car for a visit to different points in Illinois.

Richest man in the world poses for this special picture at 83

John D. Rockefeller attended church at Tarrytown, N. Y., on Sunday following his 83rd birthday, July 8. He made it the occasion to do his bit for humanity, even though it caused him to break a rule of long standing of not posing for pictures. He bargained with newspaper men, agreeing to pose for this special picture if they would attend church with him. It is health, not wealth, that now interests the retired oil king.

PIONEER PRINTER SELLS BUSINESS TO HICKMAN MAN

Announcement was made today of the purchase of the printing business of Ben F. Briggs, by H. M. Crain, who will take charge on August 1st. Mr. Crain is a young man and a practical printer and experienced business man.

Mr. Briggs is one of the oldest and best known printers and newspaper men in Western Kentucky. He has been in the printing business since the year 1869, in this city, and has thoroughly established himself in the minds and hearts of all. He retires from business on account of his health, which has not been the best for the past few months.

The printing profession, as well as the business concerns of the city, will be sorry to lose from their ranks a man they hold in such high esteem.—Mayfield Messenger.

HOUSES NOW SHOT FROM GUN

Concrete Construction Surely May Be Said to Have Reached the Limit in This Idea.

"Shooting" houses out of a "gun" is the latest wrinkle in concrete construction, writes Cleveland Gaines in Popular Mechanics Magazine. The gun consists of a nozzle-like affair at the end of a 3-inch hose. Dry concrete is put into a container and water forced through it. The mixture is thus made at the last moment before it is applied.

In building the first of the houses in this fashion a one-sided framework of tar paper and chicken wire was erected. Iron reinforcing rods were placed against this and the concrete shot against it with the use of a gun. A wall two inches thick was "shot" in this way, allowed to dry, and the tar paper and chicken wire peeled off. The result was a solid concrete wall. Doors, windows and plumbing were put in place and the wall shot around them.

In similar fashion ceilings, floor, a fence around the yard and other parts of the house and yard were shot. Seats were shot into the wall at one place, decorative designs in another, and so on. The resulting house and yard was a complete home in one piece—a monolith.

The second house built with the gun employed wallboard in place of tar paper and chicken wire, with even better results.

HEALTH NOTES.

The following letter was received by Dr. Hubbard from the State Board of Health Saturday:

Dear Doctor:

Acting upon the authority conferred upon it by law, the State Board of Health calls your attention to a widespread epidemic of rabies in dogs in the state. From counties in almost every section of the state, men, women and children have been bitten by mad dogs and large live stock has been similarly infected and destroyed.

In order to prevent a widespread epidemic of this very dangerous disease, this Board requests you to immediately issue such instructions to your subordinates as will cause them to destroy, as painlessly as possible all stray dogs found running at large in any part of your jurisdiction. There are now more than sixty individuals taking the treatment for bites from rabid animals at the office of this Board in Louisville and more than twice as many other persons are being treated by their physicians at home. This is a wholly unnecessary expense and burden to ridding every section of the state of stray dogs will immediately reduce the danger.

All dogs should be considered stray dogs which are at large unmuzzled for the next sixty days after publication of this notice in local papers.

Given under our hands and the seal of the Board at Louisville, this July 14, 1922.

L. T. McMurry, President.

A. T. McCormack, Sec'y.

Who Remembers "Butter Daisies?" A government clerk was heard bemoaning those lost dainties of his Youth.

"I have eaten all the modern candies," he said. "Yes, sir, all the chocolates, and the milk chocolate, and the fudges, and the nut candies, and the sort with a cherry to jump out at you and all that."

"They are very nice, but none of them approaches the delicious flavor of the old butter daisies. I remember how I used to get a nickel, run to the corner store and invest in a bag of butter daisies."

"Small yellow cones they were, that melted in your mouth, much as the fabled nectar of the gods was supposed to do. No, sir, I haven't tasted a butter daisy in 20 years."—Washington Star.

For several mornings the elements at Hickman near the river have been filled with millions of insects.

Those who have been complaining on account of the scarcity of fish bait should read the following and cease to worry.

River men say these insects are willow-flies. In a dictionary we find these definitions:

ing aquatic larvae; the stone-fly.

Perlidæ: Any insect of the Perlidæ.

Perlidæ: A family of insects hav-

ing aquatic larvae; the stone-fly.

Stone-fly: A pseudoneuropterous in-

sect of the genus Perla, used by ang-

lers as bait.

Calomel salivation is horrible. It swells the tongue, loosens the teeth and starts rheumatism. There's no reason why a person should take sickening, salivating calomel when a few cents buys a large bottle of Dodson's Liver Tone—a perfect substitute for calomel. It is a pleasant vegetable liquid which will start your liver just as surely as calomel, but it doesn't make you sick, and cannot salivate.

Calomel is a dangerous drug, besides it may make you feel weak, sick and nauseated tomorrow. Don't lose a day's work. Take a spoonful of Dodson's Liver Tone instead and you will wake up feeling great. No salts necessary. Your druggist says if you don't find Dodson's Liver Tone acts better than treacherous calomel your money is waiting for you.

The new Goodyear Cross-Rib Tread Cord

A Remarkable New Cord Tire at a Popular Price

Here is a big, sturdy, long-wearing new tire built to satisfy the buyer on every point of mileage, quality and price.

It is designed especially for the man who wants the essential advantages of cord tire performance at the lowest possible price.

It is designed to offer the buyer a quality product at a price even lower than he has formerly paid for a "long discount" tire. It has a different tread from the famous Goodyear All-Weather Tread Cord—a new tread with a deep, clean-cut, cog-like pattern—and its selling price ranges from 20 to 25% less.

This new tire is the Goodyear Cross-Rib Tread Cord.

Like the All-Weather Tread Cord it is liberally oversized in all straight-side sizes, the

4½-inch tire, for example, actually measuring nearly 5 inches.

Like the All-Weather Tread Cord, its foundation is genuine high-grade long-staple cotton.

Like the All-Weather Tread Cord, it embodies the efficient group-ply construction, a Goodyear patent.

Like the All-Weather Tread Cord, it is the product of an experienced company which has a world-wide reputation to safeguard.

Look at the prices of the new Goodyear Cross-Rib Tread Cord, listed below.

Compare these prices with net prices you are asked to pay for "long-discount" tires of unknown reputation and value.

Why take a chance on such tires?—you know it doesn't pay.

GOT HUBBY AT A BARGAIN

Most Girls Would Consider Transaction Worth the Expenditure Involved in the Case.

A business man who wanted a bookkeeper stated his need in an advertisement. The notice was seen by a young woman who was out of work and who had searched for employment day after day without success. She had just one cent left. This she spent for a postal card, on which she wrote a reply to the advertisement and dropped the card in a street letter box.

Her application impressed the business man favorably, and he wrote to her asking her to call at his office. She did so and secured the position.

Her modesty and worth, no less than her capability, so won her employer that before many months had passed he offered her his heart and hand, and she accepted and became his wife.

"And to think," he said one day during the honeymoon, "that it all came from your spending your last cent for a postal card and mailing it at a street corner!"

"Yes," she replied with a smile and a blush. "I dropped a penny in the slot and got a husband."—Pittsburgh Dispatch.

FRENCH HOLD TO NEST EGGS

Almost Every Household Has Some Kind of Hoard Stowed Away for an Emergency.

To arrive at the undoubted financial strength of France you must first understand that in every country there are two kinds of fiscal life. One pertains to government income and expenditure, the other to what might be called private money—that is, the resources of the citizens. A country may be broke and at the same time have immense potential wealth.

This is precisely what is happening in France. Government finance is riding on a rocky road, but the great mass of the people still have their nest eggs. Thrift, as every one knows, is instinct with the French. Those who have had experience with French penuriousness maintain that the French make of thrift a vice.

Sale for investment in government bonds the average French man or woman delights to keep his or her fortune in actual cash. During the war they risked death to go back to ruined firesides to dig up their precious hoards. The result is that France has more real gold and silver stowed away in stockings and old pots than any other country. Government financial crises may come and go, but this huge reservoir of savings—the bulwark of the nation—goes on forever.—Isaac G. Marocson in the Saturday Evening Post.

Practical Deduction.

Antoinette, who is six, has a charming mother who sings very beautifully. Since babyhood Antoinette has delighted in listening. The other evening the southern girl was a dinner guest.

When Antoinette's mother sang "Carry Me Back to Ole Virginny" in the mellow dialect of the South, the southern girl felt the tears creeping into her eyes. Antoinette piped up, "Mother, is it a little baby that wants to go back to Virginny?"

"Why, no, darling," the mother answered. Then, glancing at the southern girl, "It is someone who loves that state, dear. It's her home—She wants to go back—Someone like auntie. You know she comes from the South."

Antoinette looked askance at the southern girl. "Well, why don't she walk back? Only babies get carried—Chicago Journal.

Beyond Compass of One Mind. Prof. J. J. SUCCESS IN HATCHING EGGS

Care and Attention to Detail Are What Makes One Man Succeed Where Another Fails.

(Prepared by the United States Department of Agriculture.)

Between making or losing money in raising chickens there is only a narrow margin. Contrary to many persons' ideas, no magic road leads to success in this work. Care and attention to detail are what make one man succeed while another one with similar equipment fails.

The following suggestions on incubation are given by poultry specialists of the United States Department of Agriculture:

Have everything ready beforehand, and start your hatching operations early in the year.

A well-ventilated cellar is the best place to operate the incubator.

The machine should be operated according to the manufacturer's directions.

See that the incubator is running steadily at the desired temperature before filling it with eggs. Do not add eggs to a machine during incubation.

Turn the eggs twice daily after the second and through the eighteenth day. Cool the eggs once daily, according to the weather, from the seventh through the eighteenth day.

Turn the eggs before caring for the lamp.

Attend to the machine carefully at regular hours.

Keep the lamp and wick clean.

Test the eggs on the seventh and fourteenth days.

Do not open the machine after the

eighteenth day until the chickens are hatched.

Eggs saved for hatching purposes should not be subjected to high or low temperatures.

In cold weather place from 10 to 13 eggs under the hen; in warm weather from 13 to 15.

Always try the hen on china or nest eggs before setting good eggs.

Given proper care and attention, the hen is the most valuable incubator for the farmer.

Use insect powder freely to exterminate lice when necessary.

February, March, April, and May are the best months for hatching, depending on the section of the country.

If several hens are set in one room, it is desirable to confine them to their nests.

Straw and hay make good nesting material.

Broody hens should be moved to the permanent sitting nest at night.

While corn is a good feed for sitting hens, water, grit, and dust baths should also be provided.

All eggs should be tested by the seventh day, which often makes it possible to reset some of the hens.

Which Hens to Keep

Strong, healthy, vigorous hens with short, neat heads and strong beaks.

The hens with long, deep, rectangular bodies and parallel top and bottom lines.

The hens with large, bright eyes, active appearance and short, well-worn toe nails.

The hens with dusty, worn feathers, especially worn tall feathers, but having a bright, healthy look.

The hens that molt late and those that molt rapidly.

The noisy, happy, friendly hens.

The early risers and those late to roost.

The vigorous hens with the faded beaks and shanks.

The hens with the thin pelvic bones spread wide apart.

The early-hatched, well-grown pullets.

Large, strong, active, quick-maturing cockerels of desired variety and high-producing mothers.

REMINISCENCES

FIFTY YEARS AGO

The Courier printed the premium list of the sixth annual exhibition of the Fulton County Agricultural Fair, to be held at Hickman.

"The democracy of Kentucky have so long been accustomed to *viva voce* voting and so strongly educated against the ballot system that some, on this account, declare their intention not to go to the polls in November."

"The continued wet weather has considerably retarded trade and prevented farmers from bringing in their wheat, etc."

"Through trains from Louisville to Paducah on the Elizabethtown & Paducah railroad now make regular trips."

"Sheriff Roper is collecting taxes for building a free school house in the Hickman district."

"The 'to do' barbecue, fish fry, etc., on Sassafras Ridge was sadly interfered with by the rain Thursday."

"The crops in Hickman and Fulton counties, of all kinds, are reported better than ever known in the history of this section."

"Esquire W. R. McDaniel raises Irish potatoes this season which weigh one pound."

"John H. Roullac of Hickman was called to charge of a Christian church at Liberty, Mo."

"The race for sheriff in this county is growing warm and exciting. The candidates are Messrs. Oliver, Tyler and Thomasson."

"An old negro named Bruce Burrus was found dead near Woodland Mills Thursday. He is supposed to have been killed by other negroes for his money."

TWENTY-FIVE YEARS AGO

Stories of fabulous gold strikes were being sent from Alaska and the rush for the Klondyke was begun.

"The corn crop is very promising. This is also true of cotton."

"The Mississippi River Commission allotted \$50,000 to the New Madrid levee."

"The Kentucky school per capita has been fixed at \$2.20 for 1897, which is the same as for 1896."

"Cowgirl Rogers presents The Courier with a double hen egg $6\frac{1}{2}$ oz. This is nature's sure sign of prosperity."

"H. C. Beckman was elected a director in the Hickman Bank to succeed C. H. Baltzer, deceased, and R. T. Tyler succeeded him as president of that institution."

"Our popular townsmen, Ed Reeves, has bought the Price livery stable and will continue the business at the old stand."

"Will Copeland and Miss Birdie Roper, daughter of Albert Roper, eloped to Union City Monday and were married."

"The Three States mills will resume business about September 1st."

"Nine Nashville ice dealers were indicted for combining to put up the price of ice."

Hard on Bores.

"Arthur J. Balfour," said a member of the British embassy, "is a fascinating person—he fascinated everybody he met here in Washington—but you've got to admit that he's hard on bores."

"Mr. Balfour came out of his big yellow room in Carlton House terrace one day, and before he could get into his motor car a bore held him up."

"The bore talked to him about Ireland and Ulster for 20 minutes in one big streak, and then, when he paused for breath, Mr. Balfour said:

"Yes, there are no omelets like the omelets you get at Claridge's."

"Perhaps, perhaps," said the bore, "but what has that got to do with what I've been talking about?"

"Mr. Balfour yawned behind his long, thin hand."

"By the way," he said, "what were you talking about?"

SALADS AND SALAD DRESSINGS

Bananas are always in the market and make a most acceptable salad if one is fond of the fruit.

Banana Salad.—Take one cupful of thick cream, three tablespoonfuls of lemon juice, one-half teaspoonful of paprika and a teaspoonful of powdered sugar. Whip the cream, add the lemon juice gradually. Place the bananas on lettuce and serve with the dressing poured over them.

Blackstone Dressing.—Take four tablespoonfuls each of mayonnaise and whipped cream, two tablespoonfuls each of chili sauce, tomato catsup and vinegar. Roquefort cheese may be added if desired.

Ginger Ale Salad.—Soften one-fourth of a package of gelatin in one-fourth of a cupful of cold water and let it dissolve in a dish of hot water; add a grating of lemon rind and one and three-fourths cupfuls of ginger ale. Turn into small molds to chill and set. Serve very cold on heart leaves of lettuce with either French or mayonnaise dressing, to a cup of which is added three tablespoonfuls or more of cocktail sauce.

Cheese Jelly Salad.—Mix one-half cupful of grated cheese with a cupful of whipped cream, season to taste with salt and pepper and add one tablespoonful of gelatin dissolved in a scant cupful of water. Mold in large or small molds. When the jelly begins to harden, cover with grated cheese. Serve with French dressing to which grated cheese has been added. Tomatoes stuffed with cream cheese jelly and served on lettuce with French dressing are savory and quickly prepared.

Tomato Salad.—Cut fresh tomatoes peeled, into eighths, without separating the sections. Sprinkle with pearl onions and French dressing and chopped green pepper.

FARRINGTON'S WARNING

Frank Farrington, president of the Illinois Mine Workers, gives this advice to members of his union in regard to committing acts of violence:

"Acts of disorder and violence only stir the public against us and make bitter enemies for us in places where we must have strong friends. Acts of destruction may appease the inflamed and angry minded, but cannot win any permanent success, and if victory depends upon violence, our cause is hopelessly lost. Already we are in disrepute in the public mind and threatened with litigation that, to say the least, will cripple our union for years to come; if, indeed, the weight of it does not sink the United Mine Workers of America."

Therefore, I appeal to you to enlist the help of the sober, thinking members of your local union and have them join you in maintaining order and obedience to laws of our union and the land."

SPECIAL PICTURE

The executive committee of the Women's Club has arranged for a special picture to be shown Friday, July 28. There will be a one-reel motion picture, "Red Riding Hood" especially for smaller children, a scenic reel, "Yellowstone Park", and a four-reel picture, "Enoch Arden", adapted from Tennyson's famous poem, featuring Lillian Gish and Wallace Reid.

The pictures are guaranteed to be first class in every respect, clean, wholesome and interesting. For the benefit of the children particularly there will be a show Friday morning at ten o'clock and another at the usual hour in the evening.

FARM AND HOME NEWS FROM OVER KENTUCKY

Two hundred farm boys and girls from Christian and Todd counties recently attended the Junior Agricultural Club camp held for them at Salubria Springs by the College of Agriculture extension division, County Agent L. C. Graddy says.

Indications are that Crittenden county farmers will use increased amounts of limestone this fall in improving their soils, County Agent John R. Spencer says. Two carloads recently were ordered in one week by different farmers.

Definite plans in connection with the "Better Achievement Campaign," which Jackson county has entered, recently were put under way when more than 3,000 interested persons gathered at McKeith in a community get-together meeting, County Agent W. R. Reynolds says. Ministers, lawyers, farmers, junior agricultural club members and other persons of varying interests met in separate sessions to perfect plans whereby they might help carry the campaign forward in the county.

Henderson county farmers and fruit growers are planning to make an elaborate fruit display at the coming Kentucky State Fair, according to County Agent D. W. Marin, who has been appointed to take charge of the exhibit. Many individual fruit growers and farmers are expected to enter fruit in the exhibit, he said.

J. W. Lile, a farmer living in the Clarkson community of Grayson county, is succeeding in demonstrating the value of limestone and acid phosphate in increasing wheat yields to farmers in that section, County Agent R. W. Scarce says. Last year he obtained good results by using these two materials on his wheat and this year is planning to use more limestone.

FORMER FULTON COUNTY GIRL MOTHER OF TRIPLETS

Monday's St. Louis Post-Dispatch contained a picture and writeup which will be of interest to many here. The article which was below the picture of the three lusty youngsters follows:

Triplets, all girls, were born at 1458 Shawmut place, at Missouri Baptist Sanitarium Saturday. To distinguish them they were tagged A, B and C by the hospital attendants, the marking being placed on their legs. Their father is a switchman in the Burlington railroad yards in East St. Louis. He and Mrs. Taylor had hoped their first baby would be a girl.

Mr. Taylor formerly lived in East Hickman and was well known to many here. Mrs. Taylor was born and raised in the Roper district and is a niece of the Messrs. Rose of Hickman.

AN ORDINANCE.

Ordinance of the Board of Council of the City of Hickman. An Ordinance Providing for the Form of Bonds to be Issued, as Authorized by an Election Held on April 1, 1922, for the Benefit of the Board of Education of Hickman, Kentucky.

WHEREAS, heretofore on the 28th day of April, 1922, the Board of Education of Hickman, Kentucky, did adopt a resolution determining the date of its bonds, authorized by a vote held at a special election on April 1, 1922, in the City of Hickman, including a territory added for school purposes and determining also the maturities of the said bonds, the number thereof, their place of payment and denomination, which said resolution was duly certified to this Board of Council of the City of Hickman, and to the County Court of Fulton County; and

WHEREAS, thereafter on the 30th day of June, 1922, the said Board of Education did adopt a further resolution, setting out the form in which the said bonds and coupons shall be issued, and which said resolution has been duly certified to this Board of Council with the request that it enact an ordinance providing for the issuance of the said bonds and coupons in the form as therein provided; and

WHEREAS, The said resolution has also been certified to the Fiscal Court of Fulton County;

Be it now, therefore, ordained by the Board of Council of the City of Hickman, Kentucky, as follows:

Section 1. That the School Improvement Bonds in the sum of Thirty Thousand Dollars (\$30,000), bearing date of May 15th, 1922, sixty in number, numbered from one (1) to Sixty (60), both inclusive, of the denomination of Five Hundred Dollars (\$500), with interest coupons attached to the said bonds, and principal and interest to be paid at the Citizens' Union National Bank at Louisville, Kentucky, as authorized by ordinance of this Board of Council, duly adopted and approved May 1, 1922, and published on May 4th, 1922, be issued in the form as set out in the said resolution of the said Board of Education, as follows, to-wit:

United States of America,
State of Kentucky,
County of Fulton.
City of Hickman 6% School Improvement
Bond

\$500.00

KNOW ALL MEN BY THESE PRESENTS: That the City of Hickman, Fulton County, Kentucky, (including territory added for school purposes), acting herein by the Board of Education of Hickman, Kentucky, acknowledges itself to owe and for value received, hereby promises to pay bearer

FIVE HUNDRED DOLLARS

in lawful money of the United States of America on the 15th day of May with interest thereon from the date hereof at the rate of six per centum

(6%) per annum, payable on the 15th day of May and November of each year, on presentation and surrender of the annexed interest coupons as they severally become due.

Both principal and interest of this bond are payable at the Citizens' Union National Bank in the City of Louisville, State of Kentucky, and for the prompt payment of this bond and the interest thereon, the full faith, credit and resources of the City of Hickman are hereby irrevocably pledged.

This bond is one of a series of like tenor and effect, except as to date of maturity, numbered from One (1) to Sixty (60) both inclusive, aggregating Thirty Thousand Dollars (\$30,000), issued by the Board of Education of Hickman, Kentucky, for the erection and enlargement of school buildings, under and pursuant to and in compliance with the laws of the State of Kentucky now in force, including Chapter Fourteen of the Acts of the General Assembly of the Commonwealth of Kentucky of 1920, and under and in full compliance with orders, resolutions and proceedings of the said Board of Education, duly and regularly had and adopted and pursuant to the authority conferred by more than two-thirds of the qualified voters of the said City and territory added for school purposes, voting at a special election, duly and legally called and held for that purpose on the 1st day of April, 1922.

WHEREAS, thereafter on the 30th day of June, 1922, the said Board of Education did adopt a further resolution, setting out the form in which the said bonds and coupons shall be issued, and which said resolution has been duly certified to this Board of Council with the request that it enact an ordinance providing for the issuance of the said bonds and coupons in the form as therein provided; and

WHEREAS, The said resolution has also been certified to the Fiscal Court of Fulton County;

It is hereby certified, recited and covenanted that all acts, conditions and things required to be done, precedent to and in the issuance of this bond, have been done, have happened and have been performed in regular and due form, as required by law, and that a direct annual tax upon all taxable property in said City of Hickman, including territory added for school purposes, has been levied for the payment of the principal of and the interest on this bond, and that the total indebtedness of the said District including this bond and the issue of which it is one, does not exceed any Statutory or Constitutional limitation.

IN TESTIMONY WHEREOF, the Board of Education of Hickman, Kentucky, has executed this bond by causing it to be signed by the President of said Board of Education and attested by the Secretary thereof, with the corporate seal affixed and has caused the annexed interest coupons to be executed with the fac simile signature of the said Secretary, and this bond to be dated the 15th day of May, 1922.

IT'S JUST THE SAME—ONLY DIFFERENT

Running a newspaper is just like running a hotel—only different. When a man gets into a hotel and finds something on the table which does not suit him, he does not raise hedges with the landlord and tell him to stop his old hotel. He sets that dish to one side and wades into the many dishes that suit him.

It is different with some newspaper readers. They find an article occasionally that does not suit them exactly, and without stopping to think it may please hundreds of other readers, make a grandstand play and tell the editor how the paper should be run and what should be put into it. But such people are becoming fewer every day.—Ex.

CRUTCHFIELD NOTES.

Miss Grace Moore of Water Valley, was the guest of Miss Vava Watkins, of this city Sunday.

Misses Willie Ruth Turner and Lorene Hodges spent Saturday night with Misses Ora and Lillian Seat.

The funeral services of Mrs. Belle

Freeman were held at the Methodist

Church here at 11 o'clock Friday morn-

ing. Mrs. Freeman had been visiting

her daughter, Mrs. Albert Lawson, of

Caruthersville, Mo., for several weeks

and was taken with typhoid fever. She

was then moved to the home of another

daughter, Mrs. Wright, of Fulton, and

died there on Thursday morning. She

was almost sixty-four years of age and

was a good Christian woman. She

leaves seven children: Vester Freeman

of St. Louis; Mrs. Albert Lawson, of

Caruthersville; and Mrs. Earl Howell, Mrs. George

Webb, and Carl and Cecil Freeman, all

of near here, besides several grand-

AT LAST!
Nickel Sale
**Make Your Nickels
Go Farther!**

You'll like the idea of this Nickel Sale. The prices are marked in terms of nickels. Using the 5c piece as the unit we have enlarged its value. The nickel is no longer a small coin here. It represents greater value.
